

BADGEMAKER KEYRING INSTRUCTIONS

1. Cut circles from thin paper using cutter provided and decorate with markers or pencils.
2. Starting on side 1, place metal disc into grooved slot.
3. Place image over the metal disc with the picture face up plus cellophane.
4. Move section 1 into the middle position and pull upper handle down as far as it goes.
5. Load the plastic ring into section 2 with the wider side facing up.
6. Rotate section 2 into the centre position and press handle down again firmly.
7. The plastic keyring backing simply snaps onto the back.
8. Image 8 shows the back view.
9. Attach the metal keyring to finish.
